

# Redefine the Way You Present and Win

## Convincing Visuals, Quick Turnaround

Image

Effortlessly achieve stunning results in a matter of seconds

Walkthrough

Curate an engaging walkthrough with ready-to-use camera movement templates

Phasing Animation

Bring the design to life with just a few clicks by making an impactful video with phasing animation feature

VR

Create an immersive space touring experience

Virtual Tour

Curate an interactive exploration of spaces, easily accessible via exe files, links or QR codes

# Empower Your Team with An Collaborative Solution

## Streamline Collaboration, Drive Results

Secure Shared Library

Easy Team&Project Management

Multi-editor Editing

More Impactful Ways to Present

# About D5

D5 Render is an industry-leading real-time 3D creation tool that is reshaping the way architects/designers work and collaborate.

Design, visualize, communicate, with speed and accuracy.

Trusted by

## 2M+ Designers Worldwide

including top architecture firms

“D5 Render has been a transformative addition to our design workflow.

It is not just a tool – it’s a strategic partner that has helped us raise the bar for what’s achievable in architectural design.”

— KPF

# Pricing

## D5 Community

For beginners

USD **\$0** Free to Use

## D5 Pro

For professional users

Annual

USD **\$30** /month

Monthly

USD **\$38** /month

## D5 for Teams

For teams

Annual

USD **\$59** /month

Monthly

USD **\$75** /month

The All-in-One Real-time Visualization Tool

# D5 RENDER

Powered by AI

Best Architectural Rendering Software 2023

4.9 ★★★★★

Average Rating on G2

# Minimize Time Maximize Quality

Enjoy instant and accurate visualization throughout the design process, empowering you to explore, refine, and bring any idea to life, faster than you ever imagined.

## Lightning Fast

- 2K image rendered in seconds
- Fastest real-time video rendering
- See ideas rendered in real time for quicker iterations

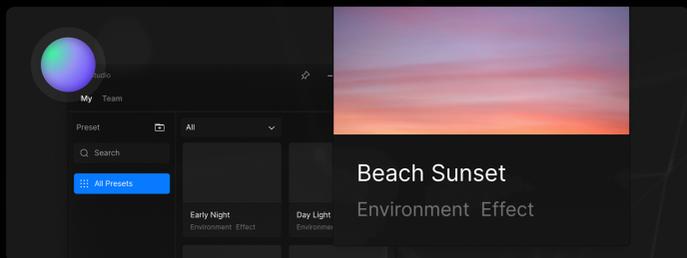

## Easier Scene Population

- 12000+ vegetation, interior/urban/character models, particles, HDRIs, presets, and 2000+ materials right inside D5 for all types of projects.
- Brush, Scatter, or draw a Path of selected models for faster & easier design.

## Out-of-the-box Realism

Top-tier rendering with real-time ray tracing/path tracing. One-click presets for instant, atmospheric results.

# 10X Faster with AI

A streamlined workflow with 10 AI-powered features and more

## AI-accelerated render algorithms

### D5 SR(Super Resolution)

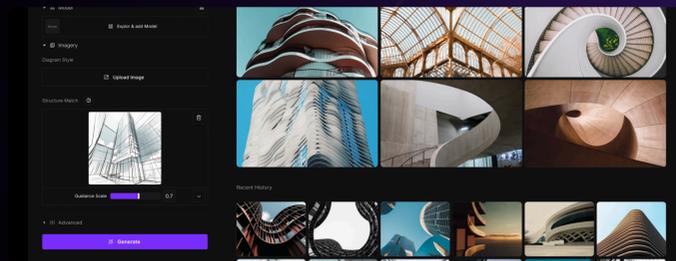

Enhanced details and accelerate render speed by simply turning on this option

## Save time in every design phase

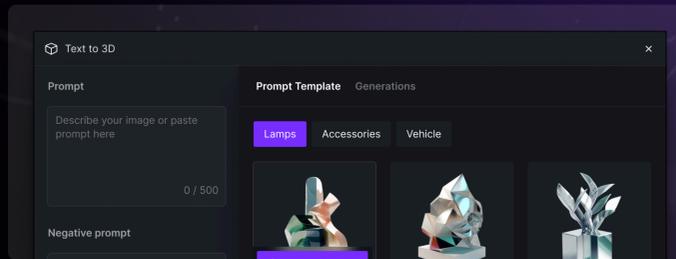

### AI Image Generating & Upscaling Capabilities

Turn your design ideas into reference images to effortlessly bring into rendering

### Text to 3D

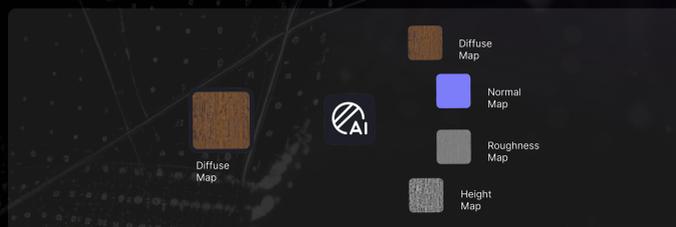

Directly bring texts to 3d models right inside D5 using text prompts

## Leave the tedious work to AI

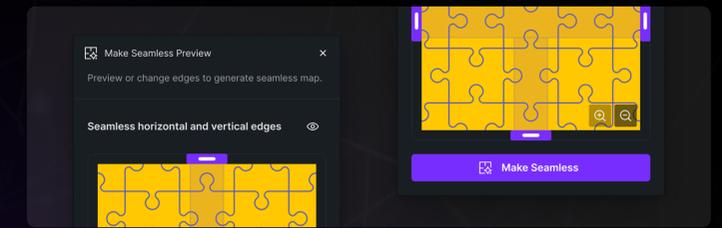

### AI-generated Material Texture Maps

Get the whole set of channel maps auto-generated with just a base color map

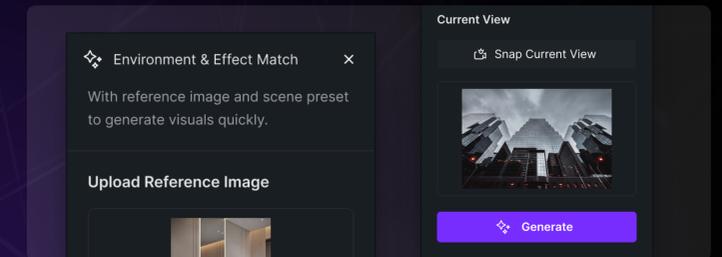

### AI Make Seamless

Effortlessly remove seams in the material

### AI Atmosphere Match

Apply the ideal environmental setup in one click with an uploaded reference image

## No need to jump between different apps

### AI Style Transfer

Transfer renderings to watercolor/cartoon/pencil sketch/voxel styles in one click

### AI Inpainting & Motion Blur

Enhance details of an image: lighting, materials, characters, vehicles, and plants

### AI Enhancer

Enhance details of an image: lighting, materials, characters, vehicles, and plants
